POSTPONEMENT OF FOREXPO IN 2021

JUNE 16,17,18th 2021 IN MIMIZAN

Within this context of sanitary containment and economic stress, we decided to postpone the 26th edition of FOREXPO until **June 16, 17 and 18th 2021**.

The next editions will be rescheduled on the leap years calendar (2024...)

The place remains unchanged, in **Mimizan**, in the heart of the Landes de Gascogne forest.

The theme will be the same, namely the innovation relating to forestry and logging, with a particular focus on employment and training.
